

## Team Building

Last week a group of Year 6 pupils focused on team building for the week. This involved parachute games and a variety of activities where the pupils had to overcome problems together.

Building on the pond dipping work which they did at Highwoods, the pupils were given the challenge to make a book for Year 2 pupils on an invertebrate of their choice. They worked brilliantly in their teams and, at the end of the week, shared their books with the 'Kangaroos'.
